

Public Transport and Cycling Intermodality Survey

Hi. Thanks for taking the time to answer a few questions.

1. Are you satisfied with the ability to combine cycling with public transport where you live?
 - a. If so, describe why?
 - b. If not describe what could be better.
2. Can you take your bike on the buses in the area where you live? Please describe conditions.
3. Can you take your bike on the tram in the area where you live? Please describe conditions.
4. Please describe examples of intermodality (combining different forms of transport) from other parts of Germany or abroad which you like.
5. Please list the three things, worst thing first, which makes it difficult to ride a bike in the area where you live.

6. What do you think of the bike on bus rack product we are demonstrating here this week?
7. What part of Munich or other city or town do you live in?
8. Do you have children which you carry on your bike sometimes?
9. Are you attending or participating in VeloCity?
